1

You will find the first stamp in the tunnel  
You don't have many roads to choose from  
Turn right and follow the forest path  
The first hint is hard to miss

Find stamp number 1 and stamp it in field number 1 on the last page.

2

To find the next spot  
Again, walk through the tunnel along the path  
Count the signs marked with a green leaf  
Find that number on the map and go there now

Did you find the stamp?  
Great! Stamp it in field 2.

3

Look at the board from time to time  
There you will find tracks of various animals of the forest  
Now count the badger's tracks  
This is the number of the place you are looking for.

Stamp number 3 is hidden here.  
Stamp it in field number 3.

4

Can you hear the music of the forest around you?  
Listen! It is the sound of trees and birds in the sky.  
There are also instruments in the Explorers' Forest  
You don't need any encouragement to play on the pots!

Look around carefully and you will find stamp number 4!  
Remember to stamp it on the last page!

5

The houses made of branches are your next point  
Their interior is pleasantly cool.  
So if you are already tired of these noises  
Then move quickly to the Forest.....!

Stamp No. 5 is playing hide and seek with us!  
Find it and stamp it in the boxes with the numbers 5.

6

Want to know where the sixth stamp is hidden?  
In the hut, on a log, there is a drawing of a glade  
On the map, it looks like a colored flower  
You can smell the lavender aroma on it

Stamp 6 is hidden among the flowers.  
Stamp it in the boxes with the numbers 6.
